

**Peter Walsh and Tracy Bond
of the
Quesnel Air Quality Roundtable**

Quesnel Airshed Plan 2004 - 2016

*: Incorporate into community and industry planning as opportunities arise

** : µg/m³; based on a 24-hour average, and achievement is based on the 98th percentile ambient measurement annually, averaged over three consecutive years (allows for seven days of exceedances each year)

***: µg/m³; 24-hour average not to be exceeded
